

2015 DECOM Offshore

27 MAY | ABERDEEN EXHIBITION & CONFERENCE CENTRE

Sponsorship Opportunities

Decom North Sea was established in 2010 in response to the needs of industry. Decom North Sea's purpose is to develop game changing decommissioning solutions for the industry by facilitating member collaboration and thus ensuring the maximum business potential for its European member companies.

DNS has grown to have more than 240 members, including operators, major contractors, service specialists and technology developers. With annual decommissioning expenditure in the North Sea set to increase from the current £1billion, DNS is playing a vital role in delivering decommissioning solutions and is the only organisation solely focused on this strategically important sector.

The Event

Following from the success of Decom Offshore 2014, planning is now underway for our 2015 annual event. This event will bring together 250+ decommissioning professionals from all tiers of the industry, providing the operators and supply chain with an excellent opportunity to engage with one another.

The event will showcase the innovation, collaboration and entrepreneurial flair required within the sector and consider how this contributes to decommissioning efficiency and cost effectiveness at a time when the industry is faced with the current market challenges.

Sponsorship Opportunity

Decom North Sea are delighted to invite your company to become a valued sponsor of Decom Offshore 2015. By sponsoring this unique event, your organisation will have the opportunity to gain exposure to a wide range of companies within the industry. We believe the event offers a perfect opportunity to raise your company profile to a targeted audience of 250+ decommissioning professionals.

///

'A well-paced informative event addressing highly topical issues with articulate speakers'

Delegate feedback from Decom Offshore 2014 'Realising Opportunities for All'
